The management of the engine was by way of a Bosch Motronic Me 7.1 (7.0 in North America) Electronic Control Unit (ECU), and helped to satisfy the European standard of EU-3D emissions. The ignition timing is a directly mapped ignition, with control of the selective-circle KNoack with the help of four shots sensors. Ci6 included a revised front-end with new headlights and grid, an updated interior and updated MMI options. The acceleration from a point of reference to 100 km / h (62.1 mph) requires 5.1 seconds [24] for the hall with manual gearbox, the Avant tenth of a second slower at 5.2 seconds. The aid of the enthusiastic driver previously unavailable are now optional, such as the Audi sporty rear differential, the active steering and the suspension of active damping (part of the select drive audi package). ^ "The 2010 Audi S4 is finally here". Eaton.com. The maximum speed is electronically limited to 250 km / h (155.3â € mph). He showed his ability with constantly strong finishes in acceleration, the tests Dyno, Breraking and Drivability " ^ Audi Study Program SSP198 - The 2.7 -liter Bitturbo V6 ^ Audi.com - Glossary Five Valves for Cylinder ^ Audi Technical Cards Technical Cards - 2003 S4 Quattro - Salone, Avant and Cabriolet ^ "Comparison for sports cars: 2004 Audi S4 vs. " A holiday from the thought of desire ". This new superchigger design is said to reduce the vibrations and hardness (NVH) vibrations. Recovered on March 21, 2010. The front discs are sized at 345 mm (13.581 in) in diameter of 30 mm (1.181 in) often, and are tightened using single Piston Piston with continental Piston Teves-Ate FNRG-60. The front axle was moved from 6.1 inches on the front, which improved the distribution of the weight of the B8 platform. The B8 generation uses a 3.0-liter TFSI TFSI engine supercharged and competes with the 335i and BMW 335i / 340i XDrive, and Mercedes-Benz C350. [1] The recently introduced B9 generation is powered by a 3.0-liter turbocharged 3.0-liter TFSI TFSI engine, unlike a a a As in the previous iteration. Optional packages for 19-inch wheels and tires are also available, sized at 8.5JX19 "Alloy wheels with 255 / 35. ZR19 tires. The front suspension is a multi-link design with four individual wheel control arms. Of Note, one of the S4, Racing against the GT cars of Verve GT, even performed second place in second place (in the rain) at the Barber Motorsports Park. [Request required] These S4 were built using existing S4 engines. Not with RS4 engines, but they used the B5 Audi RS4 K04 turbochargers. Motor management was under a Bosch Motronic MeA € 1.1.1.1.1 Electronic motor control unit (ECU), using a Bosch Unit " E-Gas" via the thread of the electronic accelerator and the power supply of eight coils of single candles with long-lasting candles quad-electrode bosch electrode.
